

# Fitting Instructions

Hello! Are you ready for new workwear? Let's go!

1. First, let's choose your garments. It is helpful to start with the size you typically wear. Choose a couple of pants and shirts, in different sizes. Remember you have **\$528 to spend annually!**
2. Next, go to the nearest private room or restroom and try on the garment. Does it fit? If not, try a different size. We want to make sure everything fits properly.
3. Once you find the perfect size, jot down the **size** and **style number**. The style number can easily be found on all garment tags.
4. Finally, with your size and style noted, go to: **[www.servicewearapparel.com/ac-transit](http://www.servicewearapparel.com/ac-transit)** to place your order. If you need any assistance with your order, we have provided easy instructions on the site.
5. You're done! If you need any help, we are here! Please email **[actransit@servicewearapparel.com](mailto:actransit@servicewearapparel.com)** or call **1-800-578-9023**.

## HELPFUL TIPS:

- It is best practice to try on multiple sizes to ensure the best fit.
- Styles can get mixed up, so before you try on make sure you note that the item numbers are the same for each size garment that you choose.
